# COLLABDAYS NETHERLANDS 2024

## WHAT TO EXPECT

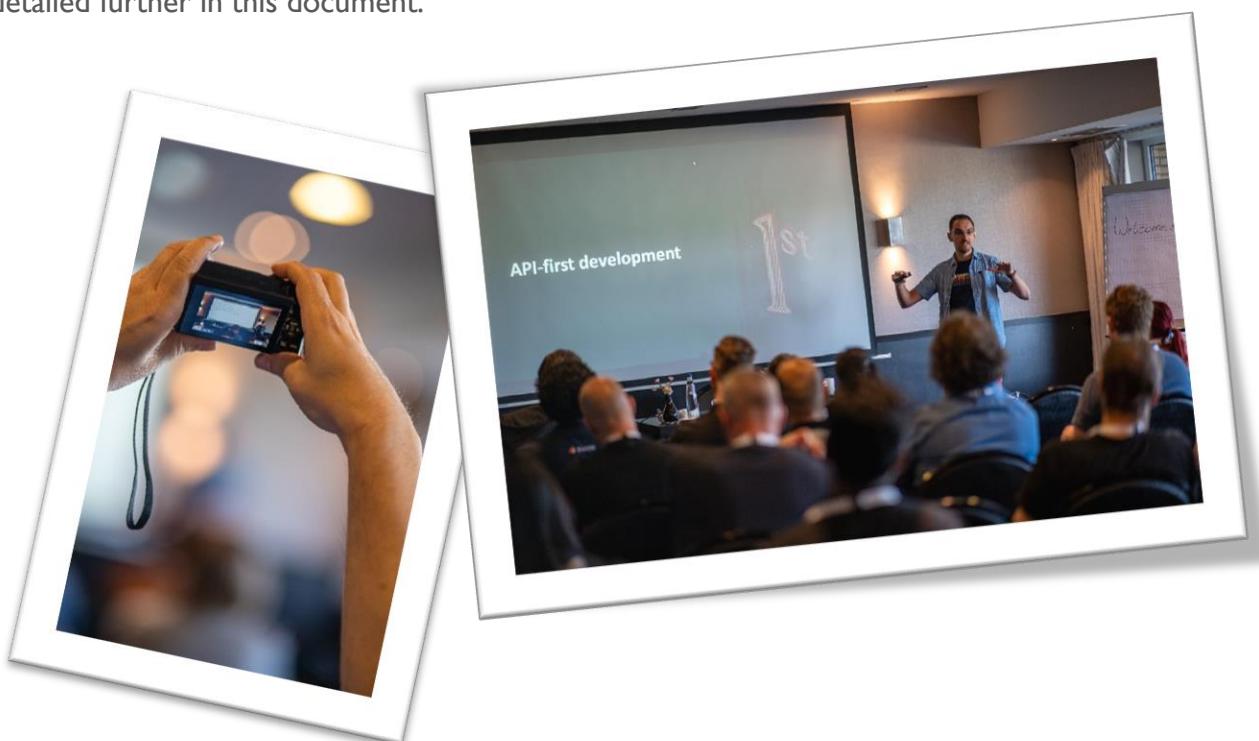

The big one you do not want to miss! Once a year we organize our very successful Microsoft 365 and Power Platform community event. In 2024, this will be again completely in-person at Van der Valk Hotel in Vianen.

CollabDays is an educational, informative & lively day filled with sessions from respected Microsoft 365, Power Platform professionals and MVPs from the Netherlands and around the world, covering a wide variety of Microsoft 365 and Power Platform-orientated topics. CollabDays is **FREE** for attendees, open to the public and your best chance to plunge yourself into your favorite technologies!

Speakers, staff, and organization at CollabDays do this at their own expense and do not get paid either.

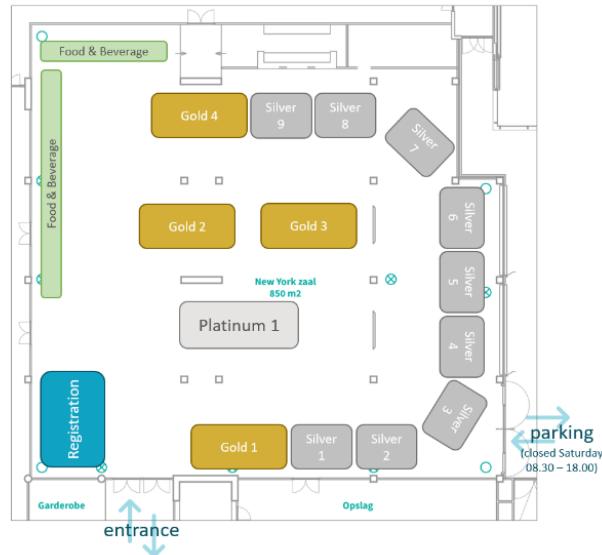

This is an intense 1-day conference. The different tracks cover a variety of sessions, including business, maker (citizen developer), professional developer, and IT pro topics.

There are specific sponsor opportunities created for CollabDays, which are detailed further in this document.

## VENUE

We're returning to a familiar spot just like we did last year. The Van der Valk Hotel in Vianen has served as our trusted site for the SharePoint Saturday conferences for more than a decade, and it's where we'll be hosting CollabDays Netherlands this time around.

The venue is centrally located in the Netherlands, making it convenient for our attendees to reach by car or public transport, and provides enough free parking space. Below, you'll see the venue, and above, a preliminary floorplan of the Expo Hall that highlights where sponsor booths (potentially) will be located.
